READ EVERY WORD BELOW!

Boys Throwers relay rules: No "Cheaters"!!

- * Two (2) separate divisions: Each race COUNTS as its own event towards 4 total (max)
- * Lightweight Division: 4x1 for ALL 4 throwers weighing at least 180 lbs. individually!
- * Heavyweight Division: 4x1 for ALL 4 throwers weighing at least 220 lbs. individually!
- * An athlete may enter both if their weight qualifies...but **each run** will count as a separate event towards 4 maximum on the day. These are scoring events that count!
- * You **must** have also competed in at least one throwing event on THIS DAY to be eligible

Girls Throwers relay: Have some ethics please?

No weigh-ins!

One "division" of 4x1 (All four girls entered **MUST** have competed in a throwing event as one of their official events in the meet on THIS DAY

Putting Steeplechasers, Distance runners and Sprinters who've never thrown in a meet before who you know will finish in LAST place in a throw... just so you can enter them in this race is garbage.

Have a little respect for the REAL throwers as well as the spirit of this meet!

And, YES...

I **AM** angry about what I've seen done here before. Shame on you if you've done it.

Coaches who violate the spirit of these events will be **banned** from the Junkyard Relays!
